RenÃƒ?Ã‚?Ãƒ?Ã‚Â© GuÃƒ?Ã‚?Ãƒ?Ã‚Â©non is a major figure for anyone who recognizes a need to rediscover the spiritual roots from which Western society has become so comprehensively alienated. Immersing himself in the search for spiritual truth, GuÃƒ?Ã‚?Ãƒ?Ã‚Â©non chose Islam as the vehicle for his spiritual life. Settling in Egypt, he clarified and deepened our understanding of the teachings of traditional metaphysics, his central message being that there is at the source of all humanity's traditions a 'Primordial Tradition,' a Universal Metaphysics which sets out the principles that underlie this Tradition. The truths it embodies are universal and unchanging, and form part of a unified body of higher knowledge which transcends the multiplicity of religious dogmas and philosophical systems that abound in Western society. GuÃƒ?Ã‚?Ãƒ?Ã‚Â©non wrote about the need to transcend the formal and emotional aspect of religion in order to prepare ourselves for an understanding of 'pure metaphysics.' He explained how traditional societies achieved this, exploring the symbols used, in order to help individuals move forward to levels of understanding which are otherwise inaccessible to minds blinkered by the limitations of the currently prevailing Western approach to existence and its meaning. Prophet for a Dark Age provides comprehensive coverage of key concepts employed by GuÃƒ?Ã‚?Ãƒ?Ã‚Â©non. The book is arranged in four parts, each of which includes extracts that express his views directly. Prophet for a Dark Age also contains commentaries that summarize or paraphrase his written work. The objective is to allow GuÃƒ?Ã‚?Ãƒ?Ã‚Â©non to speak for himself rather than produce a critique of his ideas.
